

DIXON EVENING TELEGRAPH.

OFFICIAL PAPER OF THE CITY BY ACT OF CITY COUNCIL

Telegraph Sixtieth Year

DIXON, ILLINOIS THURSDAY MAY 9, 1912.

Dixon Daily Telegraph Twentieth-Ninth Year No 110

COURT TO ADJOURN FOR TERM MAY 31

MOST OF IMPORTANT BUSINESS BEFORE COURT HAS BEEN DISPOSED OF.

UTLEY ARGUMENTS TOMORROW

Loescher Divorce Case Monday; Also Arguments in Beemer Case—Adjourn Until Tuesday, May 28th—Will Then Take Up Partition Matters.

The April term of the Lee county circuit court will be adjourned for the term on May 31, if the present plans of Judge Farrand remain unchanged. All of the big business before the court has been disposed of, and the rest of the time will be taken up with motions and chancery cases.

This morning Judge Farrand listened to the arguments for a new trial in the trover case of the Royal Tailors vs. H. Gold, which case was tried at the present term and in which the jury found for Mr. Gold. Attorney Clyde Smith represents the plaintiffs and Attorney W. H. Wynn is counsel for the defendant. The judge took the matter under advisement.

People Vs. Utley.

Tomorrow morning he will listen to arguments for a new trial in the case of the People vs. Herbert Utley, who was found guilty of petit larceny. Attorney Erwin will plead for the new hearing, while States Attorney Edwards will oppose.

Monday morning it is expected the Loescher divorce case will come up for hearing, and the court also expects to hear arguments for a new trial in the Beemer will case on that day.

Tuesday it is expected the court will be adjourned until May 20th, when some partition matters will be taken up, after which adjournment will be taken to the 31st, on which date the term will be adjourned.

MOLINE MAN PRESIDENT.

Monmouth, May 9.—The annual meeting of the Big Eight contest association was held in Galesburg in connection with the athletic meet. The chief business was the election of officers of the contest schedule. The officers chosen are Mr. Nutting of Moline, president; Miss Finley of Monmouth, vice president, and Mr. Willis of Chilesburg, secretary and treasurer.

INCREASE IN SALARIES.

Decatur, May 9.—More teachers are being hired, hardly a day passing but the county superintendent of schools receives cards from the secretaries of different school boards in the county announcing a teacher "or the coming school year. The salaries are larger this year than last, several teachers making contracts to teach at much higher wages.

SEIZED WITH DESIRE TO KILL.

Hardin, May 9.—"I was seized by a sudden desire to kill her." This was the explanation offered by John O'Leary of St. Louis for the killing of Mrs. Mamie Fulton, aged 26 years also of St. Louis. The woman was shot down in the home of Mrs. Mary Stuttgart, near Michael.

IS INSTANTLY KILLED

Savanna, Ill., May 8.—William Smith, aged about 20 years son of Mr. and Mrs. Charles Smith of Galena, Ill., was instantly killed yesterday afternoon between this city and Galena Junction by being run over by a Burlington work train.

Just how the accident occurred can not be learned, but it is believed that he attempted to board the cars as they were moving at a rate of about five miles an hour. The engine and one or two cars were backing up and it is believed that he attempted to step on the footboard of the end of the car and slipped. However the engineer saw a man's hat lying alongside the track and stopped and the young man's body was found, completely severed, being cut in two by the cars.

SULTAN OF MOROCCO.

Mulai Hafid, sultan of Morocco, has been having some trouble in making the French believe he was not responsible for the recent massacre of French soldiers and civilians in Fez. He insists on his devotion to France, with which country he signed a treaty on March 30 establishing a French protectorate.

OVERSHINERS HAVE DOMESTIC TROUBLES

OFFICER OF AMERICAN WAGON COMPANY IN CHICAGO COURT WITH WIFE.

E. B. Overshiner, president of the American Wagon company, whose factory is in Dixon, figured in Superior Judge McDonald's court yesterday when he faced charges of cruelty made by his wife.

Mr. Overshiner blames his mother-in-law for spoiling his home life, and accuses his wife with having an "insatiable love of gaiety," etc. She claims that he beat her on thirteen different occasions. Mrs. Overshiner makes a plea for the custody of their son, Channing, six years old. Pending the final disposition of the case the court ordered that the boy alternately spend a week with the father and the mother and that no attempt be made on the part of either to prejudice him against the other.

FIRST GRADUATION EXERCISES AT ASHTON

PUPILS OF UNGRADED SCHOOLS BEGIN TO GET DIPLOMAS TOMORROW—SEVERAL SCHOOLS IN CLASS.

The first of the graduation exercises of the ungraded schools of Lee county, the schedule for which was published in the Telegraph some time ago, will be held tomorrow evening at Ashton. Seventeen pupils from the Wagner, Gooch, Eisenberg and Weishaar schools will be in the class; the address to which will be made by Prof. F. M. Dunlap of Dixon college. County Superintendent L. W. Miller will present the diplomas and Mrs. A. G. Burnham of the Dixon college will give two readings. After the Ashton graduation there will be exercises nearly every night in different parts of the county until the end of the month.

SHIPPED STOCK.

J. A. Covert came home from Chicago last evening, where he had been with two cars of fine fat cattle and one car of hogs, purchased from L. E. Hart and shipped from Nachusa Tuesday evening.

DORMITORY VS. MEN'S CLASS GAME

The dormitory men of the Y. M. C. A. have challenged the business men's gym class of the association to a game of baseball, and the challenge has been accepted. The game will be played tomorrow afternoon or a week from tomorrow.

ATTENDING CONFERENCE.

Rev. J. M. Herbst and J. B. Elcholtz of Nachusa are at Forreston, attending the Northern Conference of the Northern Illinois board of the Lutheran church. They will return Thursday.

TO PROMOTE FISHING ALONG ROCK RIVER

DIXONITES FORM ORGANIZATION WHICH HAS COMMENDABLE WORK IN VIEW.

ENDEAVOR TO RE-STOCK RIVER

Effort Will Be Made to Have Rock River Fish Stock Replenished, Success in Which Will Mean Much As Advertisement to the Summer Tourists and Will Add to River's Attractiveness.

Dixon Fishing club was formally organized last evening by 57 enthusiastic followers of the great Isaac Walton, who thus became charter members of an organization which will rapidly become a power in the interest of good fishing in Rock river.

No town in this great state can boast of a more beautiful fisherman's paradise than the miles of enchanting scenery along Rock river which abounds in the finest specimens of game fish natural to this latitude.

The Dixon Fishing club will no doubt thrive in its efforts to preserve and increase the fishing value of Rock river by all reasonable means. W. G. Kent, who has been active for many years in the interests of good fishing, is in communication with the various authorities endeavoring to get shipments of young fish for re-stocking.

The club adopted a constitution last evening, which follows: Constitution of the Dixon Fishing Club.

Article 1. The name of this organization shall be the Dixon Fishing club.

Article 2. The objects of this organization shall be the promotion of sportsmanship in angling, the enforcement of the state fish laws and stocking of Rock river with game fish.

Article 3. Any person willing to promote the above objects shall be eligible to membership. Members shall be elected by a majority vote of the executive committee.

Article 4. The officers shall consist of president, vice president, secretary, treasurer and executive committee. The executive committee shall consist of the officers and three elected members.

Article 5. The officers shall perform the duties usually incident to their respective positions. The executive committee shall have charge of all club property and shall transact business that may be delegated to it by the club. Officers shall hold office for one year from April 1st, or until their successors are elected.

Article 6. There shall be a membership fee of one dollar.

Article 7. A quorum for the transacting of business shall consist of eight members, two of whom shall be officers.

Article 8. The articles of this constitution may be amended at any meeting of the club duly called after the proposed amendment has been submitted in writing to each member.

Adopted May 8th, 1912.

The club is successor to the M. & M. A. Fishing club prompted informally by the organizers and officers of this club.

Officers, duly elected May 8th, 1912:

H. O. Wheeler—President.

C. A. Hammarstrom—Vice President.

Jos. W. Staples—Secretary.

Rev. A. B. Whitcombe—Treasurer.

Executive Committee—W. G. Kent, A. T. Manges, Robert Anderson.

Meetings: 2nd Wednesday every month, at 211 First St., Dixon, Ill.

FATHER DROWNED IN CANAL.

Coal City, May 9.—Maurice Furno, an Italian miner residing in Elleen, was drowned in the canal. He was fishing with his son, a boy of 13. The boat was overturned and in trying to save the boy the father lost his own life. He was 35 years old and leaves a widow, two sons and one daughter.

DIXON SHOULD HAVE SCAVENGER SYSTEM

MAN SHOULD BE PAID TO COLLECT GARBAGE AND REFUSE ABOUT CITY—OTHER CITIES DO IT.

Several of the city commissioners are investigating the garbage and scavenger question, and it is possible that before the extremely hot weather sets in Dixon may take its place with other neighboring cities and have a city scavenger, whose duty it shall be to gather up, from the receptacles about the residence district, all of the garbage.

While no provisions for any such condition were made in the annual appropriation ordinance, there are many who believe that some concessions can be made in other departments, thereby realizing enough to pay for such service.

The garbage question is known to be a serious issue in all cities and in Dixon it is especially noticeable, inasmuch as there has been no provision for the removal of the stuff. As a result many alleys get into a very unhealthy and foul condition and flies are furnished most propitious breeding grounds.

The ordinances of neighboring cities relative to the subject will probably be secured and an effort will be made to make this necessary provision for Dixon.

CONDEMNATION SUIT TAKEN UP ON MONDAY

CITY WILL OPEN MCKINNEY ST. THROUGH TO ASSEMBLY—AGREEMENT REACHED BUT A VERDICT IS NECESSARY.

The condemnation suit started by the city of Dixon to open up McKinney street through to Assembly place will be taken up before a special jury in the circuit court Monday. It is understood that an agreement between the city and the parties in charge of the property has been reached, but that a jury's verdict is necessary because there are some unknown heirs to some of the land. The street will very likely be opened this summer, following the jury's verdict, which will be directed by the agreements which have been made.

GO WEST OVERLAND.

A. T. Courser and family passed through Dixon today enroute from Chicago to San Diego, Cal., where they will make their future home. The party is traveling in two wagons, which are equipped in the most commodious style, the wagons being equipped with auto brakes, and their camping outfit being most complete.

MAYOR BRINTON LEAVES FOR CANADA

Mayor W. B. Brinton returned today from a short business visit at LaPorte, Ind., and he will leave this evening for Canada.

REPAIRING BRIDGE.

Carpenters are at work replacing worn planks on the Galena avenue bridge floor. The improvement will be greatly appreciated by those who have occasion to drive across the bridge.

TAKES VACATION.

Assistant Postmaster Ed. Chill is taking a short vacation from his duties at the postoffice.

RESISTED AN OFFICER.

Scott Morris was arrested just before noon today by Sergeant Gaffney, charged with drunkenness and resisting an officer. The officer was attempting to get the man to go home when he turned on him and showed fight. He will be arraigned on the charges this evening or tomorrow morning.

ERWIN'S ROBBERS TO GET SENTENCE

Attorney John E. Erwin today received word from his brother George who was held up some time ago in Monroe, Wis., to the effect that the men who held him up will be sentenced in the circuit court there tomorrow.

METHODISTS HIT TOBACCO USERS

General Conference Adopts Motion Barring Habitués From Office in Church.

URGE UNION OF M. E. BODIES

South and North Branches May Be Joined Together—Much Speculation Indulged in Regarding the Coming New Bishops.

Minneapolis, Minn., May 9.—The use of tobacco by officials high in office created a stormy debate in the Methodist general conference here. A resolution was presented by Dr. Robert Stephens, Danville, Ill., to the effect "That it is the sense of this general conference that no person should be elected to any office within the gift of the conference who uses tobacco in any of its forms."

A vigorous debate ensued. Dr. Robert Watt of Delaware, while favoring the motion, declared that it was a dangerous and unwise thing to try to regulate conduct by rules. Doctor Gettys of Nebraska retorted that big corporations passed on the conduct of its employees, and the conference had the same right. Motions to defer to other committees were defeated. Dr. James Bowe of Chicago created much amusement by a motion to refer the matter to the committee on education. The motion was finally adopted by an overwhelming majority.

Catholic Church Resolutions Passed. The resolutions which had been deferred against the Catholic church having been toned down, were brought up again and passed. Mrs. Ida T. Arms missionary in Chile, addressed the conference, the first woman delegate who has assumed that privilege, and argued in favor of the resolutions.

Dr. Edwin Locke of Kansas presented a resolution commending the attitude of Commissioner Robert O. Valentine in issuing the order against the wearing of sectarian garbs in government schools. The secretary of the interior was urged to put the order into immediate effect and the resolution was adopted.

Union of Churches North and South. Rev. Frank M. Thomas, fraternal delegate of the Methodist church South, was given an ovation, and strong recommendations were adopted urging the union of the two churches.

Recommendations were adopted, under the direction of Rev. W. S. Chinn colored delegate from Louisiana, the home missionary society provided aid to ministers and their people who had suffered by thousands in the recent floods in the south.

Speculate on Coming Bishops.

The committee on episcopacy whose sessions are secret, and the members only admitted by ticket, is the center of much speculative curiosity. All sorts of rumors are floating about as to the matter of additional episcopal residences and the question of the retirement of certain bishops, and how many bishops shall be elected. Many candidates are mentioned for this highest honor in the gift of the church. The Illinois delegations are lining up for Dr. W. O. Shepard of Chicago, and his chances for election seem to be very favorable. The election of Homer C. Stuntz, Dr. David G. Downey, Dr. R. J. Cooke and Dr. Francis J. McConnell appears to be the settled conviction of the delegates.

WEATHER BULLETIN.

705 feet above sea level.

Above data furnished by H. R. Spafford, assistant chief engineer of the Illinois Central Railroad Company.

The following report of high and low temperatures and precipitation are taken at 7 o'clock each morning and are for the preceding 24 hours:

| | Sunday | Monday | Tuesday | Wednesday | Thursday |
|------|--------|--------|---------|-----------|----------|
| High | 78 | 80 | 85 | 86 | 73 |
| Low | 62 | 50 | 65 | 47 | 41 |

ELKS INITIATE SEVERAL.

The meeting of the Elks Monday evening should prove of especial importance, inasmuch as several candidates will be given the initiatory work, following which there will be a social session. All of the members are urged to attend this meeting.

Ed. Atkins is able to be out again following a six weeks' attack of pneumonia.

V. H. Bovey of Pine Creek was a business visitor in Dixon today.

W. J. McAlpine, Mr. Richards, Cal Crawford and Thomas Gaffney motored to Franklin Grove today in the McAlpine car.

MRS. W. E. HUMPHREY.

Mrs. Humphrey, wife of the congressman from the state of Washington, is an expert stenographer and looks after the details of her husband's office, making it one of the best managed in the office building of the house of representatives.

YOUNGER TRAINMEN FORM SECRET ORDER

MEETING SATURDAY EVENING POSTPONED—WILL BE HELD SOON.

The meeting of the young passenger railroad men of the Galena division of the Northwestern, which was to have been held last Saturday evening and which failed to materialize because of the inability of the chairman, Arthur Hagerman, to reach the city, will be held here in a short time at the call of Mr. Hagerman. The purpose of the meeting will be to organize the Young Men's Secret Order, affiliated with the Brotherhood of Railroad Trainmen, and it is expected that about 100 of the younger "rails" of the division will attend.

NEW DELIVERY WAGON.

N. H. Long, the florist, yesterday received a handsome new florist's delivery wagon, which will be utilized to handle the delivery business of the local green houses. The wagon is exceptionally tasty in appearance and will be a good advertisement for the owner.

CAUGHT IN DYNAMITE BLOWUP.

Bloomington, May 9.—A premature explosion of a heavy charge of dynamite probably fatally injured Lee McCullough, aged 35, married, who was working on a pike road contract near Gosport. The workmen were placing 12 different shots in order to get a supply of stone crusher when the explosion took place, which fractured the skull of McCullough, knocked out his left eye and cut two ugly holes in his back.

LOCKED IN CAR.

Litchfield, May 9.—Two men, who refuse to give their names, were rescued from a refrigerator car in the Burlington yards in this city after being imprisoned for 24 hours. They were almost suffocated when discovered. The heat of the car caused the men great suffering. When discovered they had removed all their clothing and were perspiring heavily. They stated that they found much difficulty in breathing.

QUARTERLY REPORT

OF Y. M. C. A.
Secretary E. T. Bailey of the Y. M. C. A. will make his quarterly report for the first three months of the year at the meeting of the Board of Directors of the association to be held tomorrow evening. The report will include both the financial transactions and condition and a summary of the work that has been done in all departments.

CLEAN CATCH BASINS.

The street department has had a large force of men at work this week cleaning out the catch basins about the city, and the sewer systems are now clean and unobstructed.

HERE FROM CHICAGO

F. A. Watson and O. Carman of Chicago were here today transacting business and looking over the city.

120,000 AIDED BY THE GOVERNMENT

20,000 Flood Victims Rescued With Appeals for Aid Rushing In.

SEVENTEEN MORE DROWNED

U. S. Battleship Nebraska and Gunboat Petrel Distributing Provisions To and Saving Distressed From Rafts and Floating Houseboats.

New Orleans, May 9.—The flood situation here is more distressing than at any time since the water of the Mississippi began to rise. The backwater from the Torras crevasse has made a big breach in the Des Glaces levee, at the junction of the Mississippi and Old rivers, five miles below Torras, sending a fresh volume of water into a vast and fertile sugar country.

Appeals for boats are coming from every direction, much faster than they can be responded to. How many lives have been lost cannot be even estimated, but the dead will number at least several hundred.

Couriers are riding ahead of the advancing waters inland warning the inhabitants to flee for their lives. Huge bonfires apparently ablaze on the surface of the water, tell where farmers and their families are waiting to be rescued from spots of high ground on which they have sought safety.

The levees of New Orleans are still holding out against the water and federal engineers expressed confidence that they will successfully withstand the water at its highest stage. The river has risen six inches in the last 24 hours and it is believed the crisis will be reached here within two days.

Government Feeding 120,000.

All possible is being done to relieve the suffering of the thousands of homeless and to strengthen the levees which still remain intact. The government is now furnishing food to approximately 120,000 refugees in the territory from the mouth of the Arkansas river to the gulf. The gunboat Petrel and the battleship Nebraska have proceeded up the river distributing provisions and taking many people from rafts, from tops of floating houses and from treetops.

Seventeen persons are known to have lost their lives. Twelve negroes were drowned when a raft capsized in Point Coupee parish, three women were drowned when their raft parted and two other women were lost when their skiff, which was being towed by a government boat, capsized. One band of 200 men and women were rescued from a little patch of elevated ground near Opelousas just before the spot was submerged. One of the party swam five miles to summon aid.

20,000 Have Been Rescued.

More than 2,000 persons have been rescued from the country flooded by the Torras break alone, while it is estimated that a total of 20,000 persons have been rescued in Louisiana to date.

The estimate of government officials that the damage to property and crops will be not less than \$50,000,000 is regarded here as extremely conservative. The amount will be nearer to \$100,000,000, experts say.

WHEAT TAKES VACATION.

Conductor James Wheat of the Sterling passenger, is taking a short vacation, during which Conductor McAllister is in charge of the train.

NEW FENCE AT C. & N. W.

The old fence around the parks at the Northwestern passenger station, which for several months was in a deplorable condition, has been removed, and within a short time new ornamental railings will be erected.

HAULS MILK ON AUTO TRUCK

The first load of milk that was ever delivered at the Borden factory in Dixon by automobile was pulled in this morning by Harry Hintz when he drew up with a load of 36 cans, about 2600 pounds, that he hauled down from the Kingdom for Will Floto.

The distance covered was 10 miles and the time, including several stops for milk, was 40 minutes.

SON BORN.

A son was born to Mr. and Mrs. David Bradley yesterday.

SOCIAL HAPPENINGS

BIRTHDAY HOROSCOPES.

May 1, 2, 3, 4, 5, 6.

Are physically strong, or at any rate have much endurance. Love ease and comfort, and hate hard work. Are fond of music, art and poetry, but rather in a mechanical way. Have a strong will, show much calculation, and are apt to lay your plans well. Courageous. You should have great powers of endurance; have patience of the ox; you are to be depended on.

May 7, 8, 9, 10, 11, 12.

Have much persistency, stubbornness and audacity; are shrewd, and with an eye open to your interests. You have spells when you are hard to please. Are mathematical, have good calculation. Take account of things before you move, but sometimes move the wrong way. Are very abrupt at times, and have good opinion of yourself; are rather hard to please.

Picnic at Lowell Park.

The Sophomores of the South Side high school and the faculty will this evening enjoy a picnic supper at Lowell park.

This evening the first of the children's parties in the new Elks' building will be given and the little folks are anticipating some great fun for the evening. The house committee, assisted by a number of ladies, has made arrangements to royally entertain the young people and doubtless the attendance will be large. Refreshments will be served during the evening and the Marquette orchestra will furnish music from 8 to 11 o'clock.

Dance at Walton.

The Walton band boys have completed the details in connection with their dance which will be held in Walton Wednesday evening, May 15. Halverson's orchestra from Sterling will furnish the music for the merry dancers. Supper will be served and the entire affair will be one of the biggest and finest that has occurred in Walton this season. A good time is assured and everyone is cordially invited.

Causes Of Disease!

Fully 80 percent of food and drink have been rendered "foodless" by unnatural methods of cooking and serving!

Healthy, active brains and bodies cannot remain well and strong on such "matter." In fact they are worse than "foodless" they are slow poisons! No wonder the rate of insanity is increasing twice as fast as the rate of population of our state.

Dancing School.

The children's dancing class will be held on Friday afternoon after school at 4:15 sharp in Rosbrook's hall, and all the children are expected to be on hand on time. The adult class of dancers will be held tomorrow evening at 8 o'clock in Rosbrook hall, and the informal will be held afterward. The class for fancy dancing will be rehearsed Saturday morning by the teacher, Mrs. Collins, at 9 o'clock and the class for children from 4 to 8 years will be held at 10 o'clock. There are only two more lessons before the May dancing party and all the children should strive to be present to become familiar with the cotillion figures which will be very beautiful. Tomorrow evening John Crabtree, Norman Sterling and Frank Philpott will lead cotillions in the adult class informal.

Entertained.

Mr. and Mrs. Roy Horton, who reside near Polo, entertained a number of friends at dinner last evening.

Birthday Party.

Mabel, the eight year old daughter of Mr. and Mrs. Fred Smith, who reside at 216 Hennepin avenue, gave a birthday party to fourteen of her little friends. Engagement Announced.

At a recent dinner given to both by a relative of one of the parties concerned, an informal announcement was made of the engagement of Mrs. Nina M. Heckman and Mr. M. D. Grimes. No date for the ceremony was made public, but their many friends will be glad to learn that they intend making Dixon their home.

Mr. Grimes has owned and conducted a fine farm three and one-half miles east of the city for several years, where he is held in high esteem by his neighbors.

Mrs. Heckman needs no introduction, being to the manor born where she has spent most of her life among hosts of friends who unite with hopes and kind wishes that her future may be a bright and happy one, for such an one she is surely deserving.

CITY IN BRIEF

CATTLE SALE

70 head of Steers, Cows and Heifers.

The undersigned not having sufficient pasture land to summer as many cattle as he has on hand, will offer for sale at public auction at his farm 1 1/4 miles southeast of Eldena, Illinois, the following described Steers, Cows and Heifers, the sale to begin promptly at 1 o'clock p. m., Tuesday, May 14.

33 head of Shorthorn heifers, all from the well known full blood Shorthorn bull, Grand Duke 311756. This is as fine a lot of full blood stuff as you ever looked at, and they are sure money makers for the man who has a place for them. 20 head of steers weighing from 750 to 800 lbs. each and a choice lot. 9 head of cows that are carrying lots of flesh and in good condition. Two of these cows are springers. 2 heifers are with calf. All these cattle are of extra quality and fancy. All these cattle have been well wintered and are ready to go out on the grass in the prime of condition for a great gain. It will pay any stockman to attend this sale, since as large a bunch of cattle as this, with the quality all through, would be hard to find. It is probably needless to say anything about the manner in which prices on cattle are soaring on the city market. You may save considerable by attending this sale. Terms made known day of sale. SEED CORN. About 50 bushels of Dependable Seed Corn. Will be sold either at auction or private sale. Write or telephone. T. L. Risdon, Amboy, Ill. The train service on the Illinois Central both north and south is such that you can attend the sale and get back the same day. Connections both ways at Mendota are favorable for people living along the branch.

R. K. McColl, Auctioneer.

An extra reel of pictures, making three in all, in connection with the vaudeville, will be shown at Family theatre matinee on Saturday. 10 2

AMBOY SECTION

Amboy, May 9 — Miss Cornelia Badger went to Dixon yesterday for the day.

Mrs. Gusty Brown spent the day yesterday in Dixon visiting relatives.

Brown Garret was here from Ash-ton yesterday.

Mrs. Norman Jewett went to Dixon in Dixon yesterday.

Mrs. Bowles of this city spent the day in Dixon yesterday.

Mrs. Joseph Schmall of Shaws was here yesterday shopping.

Misses Loretta Kiefer and Ethel McGowan went to Dixon Wednesday morning.

Palmyra Aid Society.

The Palmyra Aid society met on Wednesday with Mrs. Ed. Rhodes with a large attendance. The day was fully enjoyed by all. Nothing had been left undone to make it a day of pleasure for everyone. For the scramble dinner served at noon there was a surprise in the shape of two hot chicken pies, furnished by two of the enterprising ladies of the society. A short business session was held after dinner. Two new names were added to the membership. Mrs. L. W. Mitchell presented to the society a gavel from the hedge her father, Abner Moore, planted on his farm in Palmyra over fifty years ago and recently removed to make way for the experiment station. It certainly was very fitting to a Palmyra society to use at its meetings an article that has been growing in Palmyra for over half a century. This in addition to one presented by Mrs. Weisz a short time ago cannot fail to call the Palmyra society to order when in the hands of the presidents who have so ably presided. It was voted to hold the annual picnic on June 12th at Lowell park, at which time families of the members are invited.

The next meeting, the last before fall, will be held May 22nd, and will meet with Mrs. Fremont Landis.

Charles Hatch was up from Sublette yesterday.

John H. Long was in Dixon Wednesday on business.

Cy Barnes went to Dixon yesterday morning.

O. D. Risdon of LaMoille was in town Wednesday trading.

Miss Lena Clark of Sublette has been visiting Miss Mary Wood of this city.

Will Beresford went to Dixon Wednesday morning.

Phillip Olman of Eldena was here yesterday trading.

Mrs. Thomas Houghton and Miss Emma Houghton spent the day yesterday at Dixon.

Dramatic Notes

FAMILY THEATRE.

The bill for the last half of the week at the Family theatre will include the famous Diamond Quartet in Fun in the School Room, and Hickey and Nelson, comedy acrobats in Tangled and Twisted. Both acts are new and are spoken of very highly. For the week of Monday, May 13, the management has secured the famous Mrs. Bob Fitzsimmons, the gifted soloist. The gowns she wears are said to be marvels of beauty.

As a special feature for the Saturday matinee three reels of pictures will be shown with the vaudeville in place of two as has been the custom heretofore. The Wednesday matinee will be discontinued.

Look at the little yellow tag on your Telegraph. If you are in arrears you must remit at once, complying with the new postal law.

M. E. Flemming, who has been very ill, is reported to be improving the last few days.

WHAT THE BOY SCOUTS ARE DOING.

Troop No. 1 of the Boy Scouts of America in Dunkirk, N. Y., will help the Tuberculosis camp near that place. They are helping in erecting tents and making everything fit for the summer.

There are 100 husky Boy Scouts in Hazelton, Pa. The boys, who are under the direct charge of Charles H. Russell as scout commissioner, are active workers. They are skilled in signalling, first aid, cooking and the art of camping. The boys recently met with the business men of the town in the first annual banquet, in the course of which they displayed their skill as scouts.

Boy Scouts of Cedar Falls, Iowa, have a campfire meeting once each month, at which each boy relates a story about a former president of the United States.

SCOOP THE CUB REPORTER

Scoop Visits a very Fashionable Neighborhood

DEMEN TOWN

Joe Allen this morning told us of a Mendota woman named Effie Sharp. If her friends ever contracted her name to Eff she would be a near musician. What?

Boeres stands a chance of getting a shave this summer. We bet Joe Allen a good shave that the Cubs—the National league baseball team—would be in first place some time before the season closes in October.

Mike Murphy and Harold McIntyre sprung a new one yesterday when they took a bob-sled ride along the ave. It is thought that Mike got so used to the long winter that he can't get out of the habit of hitching up to that sled and that he did the stunt yesterday through absent-mindedness.

However, Mayor Valle, one of his who rode the sled from one barn to another.

Which apology is accepted.

School Stories.

The last days of the school year are at hand and accordingly teachers are letting up on some very entertaining and amusing tales of happenings during the term. Here are two new ones that came to us yesterday:

No. 1—

I had been instructing a class of small folks on the art of expression, and asked them the simple question, "What is dust?" to test their ability at expressing themselves. Of course there was no doubt that every one of the little folks knew what dust was, but it was fully five minutes before one little rascal piped up suddenly, "I know, teacher. Dust is mud with the juice squeezed out of it."

Number Two.

The class was studying prefixes and suffixes, and one little girl had been having trouble with the prefix, "trans." Finally it was explained to her that "trans" always meant across and she put the teacher right up against it by asking at once if "trans parent" meant "a cross parent."

GYPSIES OF SPAIN.

One of the things to attract the notice of every traveler who visits in Spain is that strange race which he finds scattered here and there in small groups in the remote rural districts or near the great centers of

population. It presents a type that can be taken for no other in the Spanish dominion.

The thick lips, the eyes large, black and piercing; the hair long, black and straight, the complexion olive tinted, the Spanish gypsy, whether encamped in a sheltering ravine or under the arches of an aqueduct or in the shadow of an overhanging cliff, is indeed Spanish because born in Spain, but in all else he is a gypsy.

Time was when Spaniards of the true blue blood called gypsies New Castilians, or Egyptians or Moorish footpads, but while their traits have undergone no change, their name is now definitely gypsies.

Between 50,000 or 60,000 gypsies, but in some parts and notably in Andalusia there are several small settlements, for towns they can hardly be called, where these wanderers have taken possession of caves in the mountain side, whence they sally forth to tell fortunes and to flitch. Wherever they are they are inclined to be quarrelsome among themselves and to enforce their arguments by means of wicked looking knives, which they wield with great dexterity.—America.

To Keep Your Furniture Beautiful

EVERY woman knows how annoying it is to have unsightly spots, water stains and dirt stains spoil the beauty of her furniture, stairs and woodwork. They ruin the beauty of her entire home. Will you test, free, Johnson's Prepared Wax?

Johnson's Prepared Wax gives that soft, lustrous, artistic polish which does not show scratches and to which dust and dirt do not adhere. It is ideal for polishing woodwork, furniture, pianos, etc.

Johnson's Kleen Floor may be used to prepare the surface for the wax or alone to rejuvenate the original finish. Free samples and literature at our Store.

C. S. V. AND G. A. R. TO MEET
Men of the Blue and Gray to Have Joint Session.

Macon, Ga., May 9.—At the annual meeting of the Confederate veterans here, it was decided to accept the G. A. R. proposition to meet in joint reunion at Gettysburg next year, July 1 to 4, and to hold the annual convention in Chattanooga. The reports of the committees were approved without reading. Today the veterans will elect a new commander-in-chief.

\$7,500 for Wife's Death.
Dixon, Ill., May 9.—By agreement in the Lew county court here John King of Ashton was awarded \$7,500 damages against the Chicago & North-western Railroad company for the killing of his wife and the serious injury of his self on December 29, 1911.

Close Case Against Allen.
Wytheville, Va., May 9.—After examining about forty witnesses, the commonwealth closed its evidence in the case of Floyd Allen of Carroll county. It is likely that Allen's lawyers will have about thirty-five witnesses.

Dinner Caused Victory.
Tacoma, Wash., May 9.—Politicians here attribute Roosevelt's victory in the primary election to a \$30 a plate dinner that was given here to President Taft last October.

Perfection of Eastern Bells.
The softness of the tone of Japanese and Chinese bells is not only due to careful workmanship in their manufacture, but also to the absence of iron clappers.

NAME SHRINE OFFICERS

E. A. Cutts of Georgia Elected Imperial Outer Guard.

Council Will Meet Next Year at Dallas, Tex., on May 13 and 14—Officials Chosen.

Los Angeles, Cal., May 9.—Southern Shriners scored a decisive victory at the meeting of the Imperial council by electing Ernest A. Cutts, potentate of the Alce temple, Savannah, Ga., as imperial outer guard by a handsome majority over all other candidates, and the naming of Dallas, Tex., as the mecca of the imperial council next year. May 13 and 14, 1912, were named as the dates for the sessions of the convention in the Texas city.

Cutts is in direct line for the office of imperial potentate, and in twelve years will automatically

that J. Cunningham of Baltimore was chosen as the next imperial potentate. William S. Brown of Pittsburg, Pa., was re-elected treasurer, and Benjamin W. Rowell of Boston, Mass., imperial recorder. The officials named were as follows: William W. Irwin, Wheeling, W. Va., deputy imperial potentate; Frederick R. Smith, Rochester, N. Y., imperial chief rabbi; J. Putnam Stevens, Portland, Me., imperial assistant rabbi; Henry F. Niedringhaus, Jr., St. Louis, Mo., imperial high priest and prophet; Charles E. Owenshire, Minneapolis, Minn., imperial oriental guide; Elias J. Jacoby, Indianapolis, Ind., imperial first ceremonial master; W. Freeland Kendrick, Philadelphia, Pa., imperial second ceremonial master; Ellis L. Garretson, Tacoma, Wash., imperial marshal; William J. Matthews, New York city, imperial captain of the guard.

WEDS WIDOW OF HIS SON

Ohio Man Braves Biblical Law, But Not of His State.

Toledo, O., May 9.—John C. Baird, sixty-three, of Zanesville, a telegraph operator, has married the widow of his own son, Mrs. Mary H. Baird, Jr., thirty-six. The laws of Ohio do not prohibit such a union. "We shall be happy," said Baird, and in these words justifies his violation of Biblical laws. "Both of them shall surely be put to death. They have wrought confusion, their blood shall be upon them," says the Bible.

"Matrimony is a step in the dark." "Merely another way of saying it jars you like the step that isn't there eh?"—Houston Post.

LIFE OF THE SOIL

The soil may be said to be alive. It is a matrix supporting the various groups of definite micro-organisms, and the investigations of the past few years indicate the possibility of determining by bacteriological diagnosis the crop producing capacity of different soils. It has been shown that the action of the nitrifying bacteria, especially in samples of soil, correlates fairly well with the productivity of the same soils under field conditions.

KILLS HUSBAND; GETS 8 YEARS.

Davenport, Ia., May 9.—Mrs. Anna Kilduff of this city was convicted yesterday by a Scott county jury of manslaughter for the killing of her husband, John Kilduff, and was sentenced to serve eight years in the penitentiary at Anamosa. A motion for a new trial was overruled.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

DR. PRETTYMAN

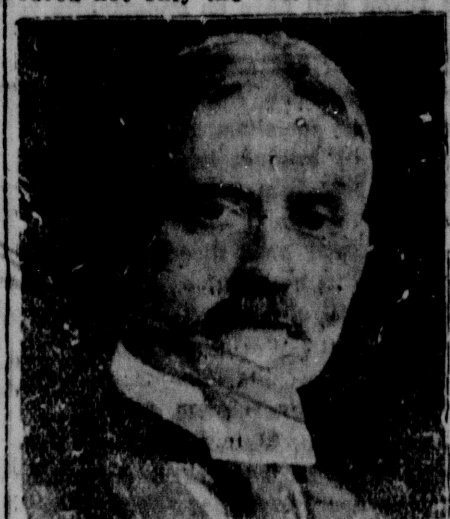

For over 17 years Dr. Prettyman has been coming to Dixon every four weeks. What he has accomplished in the time is a matter of history. Suffice it to say, it has made him a reputation that no other specialist has ever attained nor can hope to attain in this vicinity.

His Work Speaks for Itself

The doctor keeps abreast of the times by doing all his spare time to clinical work in the Chicago hospitals. He is not content to rest on laurels already won but he is on the alert for anything and every thing that will assist him in diagnosis and treating the many cases that come before him. In 1909 he had special work in hospitals of London and Edinburgh and is enthusiastic over the results attained.

You Can Depend Upon Him

Others can come and go but Dr. Prettyman continues his visits regularly and does as he agrees in every case. In employing him you are assured not only the best results but that he will be here for years to come.

LET'S BE FAIR.

The communications appearing from time to time in the Telegraph, together with the light it has been able to shed in its editorial columns, has placed the reader in possession of material details bearing on ordinance to be voted on next Tuesday. That the issue is one of very great importance and far-reaching in its effect must be conceded by everyone who has given the subject the least consideration.

The fact must not be overlooked that from end to end the proposition is purely a business one. No sentiment can lead into it anywhere, unless it be that very valuable one to any community which animates a healthy local pride, and which has much to do with the real progress of every city. But on the part of the company seeking the extension of the franchise the affair is one of business pure and simple, and it is to this phase of the situation that attention needs to be largely fixed.

The company has either bought or will buy the waterpower, electric railroad and the lighting plant, doubt less for the purpose of making money out of them in connection with the many other like purchases being added to their already enormous business. The property was for sale and the company is or will be the purchaser—a purely private matter between buyer and seller, with which the public has no concern. But without knowing any of the whys and wherefores of the deal, one thing we do know to a certainty, and that is that money-making is the point aimed at, and when we farther know that the company commands enormous capital, and the vast proportions of its already extensive business, we are led directly to a certain knowledge of another fact, namely, that men of business shrewdness, experience and foresight are hold of the job, back of and directing the movement. What better can this town ask or even hope for? We have been willing and even eager in the past to pay large bonuses for the location among us of concerns presenting far less guaranty of permanence and benefit than this, and our lines for the like are still out.

It is high time, then, to dismiss the idea that the newcomers will be among us for the purpose of displaying a mysterious cunning in hoodwinking the people and playing the mountebank. It is not likely, if such were their purpose, that they would start in by expending the modest sum of at least \$150,000 as their first or preliminary move.

Why not, therefore, weigh the subject candidly from the standpoint of fairness? If this is done the business aspects of the case will find the place it deserves. A number of things worth while will be at once discovered. It will be apparent that these people in making money for themselves at all adequate to the investment must, of necessity, be of great benefit to all kinds of business in which our citizens are engaged.

That the expenditure of the initial outlay of at least \$150,000 and more probably \$200,000, will mean no small thing to the workmen and tradespeople in our midst. It is a long time since we have been regaled by anything so refreshing; in fact, it is doubtful if in our entire history so great a sum has been expended within eighteen months by a single concern in the upbuilding of manufacturing enterprises or anything else.

That while, of course, the company will exercise its right as owner of its product to dispose of merchantable power wherever and to whomsoever it pleases the natural and business thing will happen of rendering the town an attractive place for manufacturing of every sort. It will be for the company's interest to localize the demand as much as practicable and offer inducements in that direction.

That it will increase the taxable property of the city in no small degree.

That Dixon has everything to gain and nothing to lose by the entry of active capital along the line of its greatest resources, which will not only have the effect of stimulating manufacturing but will in many other ways brighten the outlook and fortify the city's assurance of future development and prosperity.

SOCIALIST MEETING.

Frank Bohn, who has been one of the National Lyceum lecture bureau speakers during the past year, will speak at Miller's hall, across the alley north of the opera house, Friday, May 10th, at 8 p. m., on the subject of Socialism. Mr. Bohn is one of the best speakers in this country. He has been in the socialist movement for the past twenty years. The people of Dixon will have an opportunity to hear an experienced speaker on this most important subject. Everybody, women and men, come and hear and learn what socialism is, whether you are for or against it. If you are against socialism you want to know how to fight it.

There will be a discussion of the franchise to be voted on in Dixon at the special election Tuesday, May 14th.

SAD END FOR SON.

Vinton, Ia., May 9—Mrs. C. Halway, aged 55, wife of a prominent farmer near Garrison, Benton county, committed suicide by hanging in her home. Her body was found by her son Thomas, who cut it down. Dr. Carle, who was summoned, found the woman had been dead two hours when she was cut down. Mrs. Halway had told her friends recently that she feared she was losing her mind, and she thought she would be better dead. She leaves her husband and five children.

IS CHARGED WITH WHITE SLAVERY

Springfield, May 9—Having in his charge Leonidas Laipes, who is charged with importing into Illinois a woman for immoral purposes, United States Marshal William H. Behrens of Carlinville and Chief Deputy United States Marshal O. G. Addelman of this city have left this city for Boston, Mass., where Laipes will have to answer to the charge in the federal court.

Miss Cora Weaver of Sterling visited Dixon friends today.

C. A. Davis of Sterling was a business visitor in this city today.

PEOPLES COLUMN

DIXON'S OPPORTUNITY.

The question whether Dixon shall stand still or go forward to a great extent depends upon the result of the franchise election on May 14th. The extension of the franchise carries with it the contract of the Illinois Northern Utilities company to spend \$150,000 to \$200,000 in the rebuilding of its properties here.

With this company's power plant equipped as it then will be, Dixon will be able to furnish cheap and stable electric power to the manufacturing interests that are looking for suitable locations and we will have then the best inducements possible to offer such industries.

The past record of the owners of this property in their management of the enormous Commonwealth Edison company of Chicago is a sufficient guarantee of performances here.

This company sells electric current to nearly every large consumer in Chicago.

During the past ten years, and without the request of any one, it has on four different occasions reduced the price of electric current to its Chicago consumers.

Its policy has been to give the best possible service at the lowest possible price.

This practice has brought success to its operations in Chicago and is being carried out in the conducting of its properties outside of Chicago.

Without doubt the same policy will be adopted in Dixon and other cities where it has recently taken over the public utilities.

If we permit this company to come here with the understanding that it may serve us for a term of years it is in a position to help us more than we can benefit it.

The rights of the people of Dixon have been fully safeguarded by the city council in the drafting of the ordinance which are to be voted on next Tuesday.

The council, on behalf of the city, has made a good contract and the people of Dixon will be the gainer in the act of the council is ratified by their votes.

A DIXON TAYPAYER.

Mr. Brinton:—

Kind Sir:—

I saw your notice in the Telegraph of May 6th, and it just struck me right for I have been gathering up cans and old brush and cutting weeds all around my place and keeping up two or three empty lots belonging to my neighbors, and I cut the weeds three times last summer to keep the empty lots looking nice and neat and all my neighbors around here surely appreciate what I have been doing for the past year. I have even been fixing up the sidewalk between Monroe and Madison on Ninth street, when before I moved here there were no delivery wagons of any kind going up and down in front of my place and there wasn't any sidewalk at all. It was nothing but ditches all over. Now all kinds of delivery wagons go up and down every day and the school children also take advantage of my good walk, although they did not come this way before, and the grown people pass here all the time during the day and they think the walk is in good order. It is nothing like it used to be and the Grand DeTour Plow Company's employees appreciate the work I've done on the walk, for they think it a lot easier for them to go up and down through here for I put in a lot of hard work to keep the sidewalk in good shape and many nights I went out after I got home from work and ate my supper and gathered up all the ashes around the neighborhood to fill in the ditches with. I mean the ditches in the middle of the street so it's no trouble for persons to go through here or even delivery wagons.

After I had everything in good shape I called up Mr. Schuler different times and asked him if he would send up a little cinders to scatter on the walk and I had an awful time with him to get him to haul up a little cinders for me so toward the last he sent up a couple loads, but they were not enough so I called him up and asked him if he would send up a couple more loads and would finish the walk up to the corner of Madison, then we would have a nice walk all the way through and he said he didn't have to haul any cinders for us fellows up here at all. And I asked him to fix up the crossing at the corner of Ninth St. and Madison so that the water would not run off the street down in to my lawn and soak

through the wall down into my cellar, for it has been doing this ever since last summer and I have proof for that for you can see where the water was in my cellar yet and Mr. Schuler he isn't trying to fix anything up at all when he goes around and asks for votes before he got elected for Commissioner he told everybody what he was going to do fixing things up in good shape and he is not keeping his promise and I don't think it is right for the Commissioners to not help fix things around a little bit so we wouldn't have to do it all. So all I can say is that we will not be any commissioner to keep up any crossings or walks for they are getting pay for their time to look after crossings, walks and so on. I have been reporting the crossing ever since last summer and it is not fixed yet and if they don't stop the water from running on me all the time and soaking through the wall down into my cellar I will see to it later. Yours respect.,

Ollie Joseph, 516 West 9th St. Dixon, Ill.

ALMOST SMOTHERED

STERLING, May 9—During a severe wind storm at Chadwick and vicinity a few days ago, George Bitner, living near Chadwick, while passing between a building and straw stack at his home, was caught under the pile of straw when a violent gust of wind blew it over, burying him beneath it. He struggled with all his might to release himself, but was unable to do so, and then yelled with all his powers for help. Fortunately one of his grandchildren near the fallen stack heard the faint cries and Bitner was rescued, but was nearly dead when dragged from beneath the straw. He has not yet fully regained the power of speech.

HALF CENTS TO BE COINED.

Washington, May 9—The house passed the Bulkeley coinage measure which authorizes the making of 3-cent pieces and also of half-cent pieces. Three-cent pieces have been minted before, during the middle of the last century, but are now seldom used. The half-cent piece has never been minted in this country and so there is some speculation as to what the proposed coin will look like.

RELIEVE INDIGESTION ALMOST INSTANTLY

A little tablet called "Digestit" has brought instant relief to thousands—their own statements are proof. Two or three tablets after meals or when suffering stops fermentation, prevents distress, relieves indigestion and almost instantly cures dyspepsia. Brown's Digestit is sold with the distinct understanding that your money will be refunded if you want it.—50c Rowland Bros.

HOARDING GOLD IN INDIA.

Moreton Frewen, an economist, has been uttering warnings and predictions of disaster concerning the results of the hoarding of gold in India. The natives of that country have no use for banks; they hide their savings. Once they hoarded silver; now with the world on a gold basis, they demand the yellow metal. From Jan. 1 to March 13 the importations of gold, according to Mr. Frewen, were about \$48,500,000 against \$44,000,000 in the same period a year previous. In 1911 he says, India imported about \$116,945,000, about one-fourth of the world's gold production.

It is well known that gold that goes to India does not come out again even in times of great economic stress. Mr. Frewen predicts that, if these conditions continue the world, at the next recurrence of panic, will be confronted with an irreparable disaster.

Perhaps the seat of the world's financial power is to be transferred from Wall street to the banks of the Ganges. But to the practical American the thought that the transfer may mean lower cost of living is of large importance. We have been assured by some economists that too much gold in circulation is a cause of high prices throughout the world. When the next recurrence of panic arrives prices may come down, at least in occidental countries. Some of us would cheerfully see it arrive, with that certainty.—Chicago Record Herald.

**WASHINGTON STIRRED BY
SUPPOSED IMPOSSIBLE**

Washington, May 9.—Rumors that a New York "human fly," who had been scaling office buildings, was climbing the side of the 555 foot Washington monument gave this city no end of excitement today. Some one suddenly discovered a black spot on the side of the shaft about 150 feet from the top and then the report started.

Hundreds of people rushed toward the monument grounds. Along Pennsylvania and Maryland and doorways filled rapidly with people. Newspaper photographers who were early on the scene and other investigators brought back word that the supposed figure was only a spot left by last night's rain, but to an early hour this afternoon gazers on Pennsylvania avenue were still insisting that they could see the figure moving.

The war department, which controls the monument, was besieged with telephone calls. Nearly three hours after the first explanation, telephone messages from the capitol said that legislators were watching the spot through opera glasses and were convinced that it moved.

Mixed Drinks.

"You say you were in a saloon at the time the alleged assault took place?" a lawyer inquired of a witness at the central station the other day.

"Yes, sir, I was," the witness admitted.

"H'm," the lawyer pursued, "that is interesting. And did you take cognizance of the barkeeper at that time?"

"I don't know what he called it, sir," came the reply, with perfect ease, "but I took what the rest did."

The meeting last evening was a very good one. Among other matters the lodge voted on seven names offered as candidates for membership.

Will Give Home Talent.

Mr. and Mrs. Harry Choats, professional home talent play directors and promoters, have been engaged by the Moose lodge in Dixon to stage a home talent play, which will probably occur two weeks from Friday evening.

The leading parts in the play will be taken by the directors and the leading local talent will appear on the program. Specialties will be introduced between the acts. Rehearsals will commence soon.

Three reels of pictures, in place of two, in connection with the vaudeville will be shown at the Family matinee on Saturday. 10 2

MANY BUY LICENSES.

Following the announcement by Commissioner Gannon that unlicensed dogs would be shot on and after May 20, City Clerk Grover today sold many licenses and tags and there are therefore some dogs in the city which will not be impounded and destroyed, and it is thought that the owners of many other household pets will protect their canines by complying with the commissioner's orders. The crusade which the local officers are now pursuing is being followed in all of the neighboring cities and in a number of municipalities the license fee has been placed at \$5, which indicates that the dog nuisance is not confined to Dixon alone.

Mrs. Fred North has returned from Chicago somewhat improved in health.

COPYRIGHT, ALFRED CLURG & CO. 1911

I knew not what aroused me, but it was already daylight, a gleam of sun through the windows turning the festooned cobwebs into golden tapestry. One side of the box in which I lay had been broken out, and I could see the full length of the shop, which appeared littered from end to end with all manner of implements of husbandry, and woodworking and blacksmith's tools. All this I perceived with my first glance, but it was the distant sound of a voice which as instantly held my attention. At first I could not locate the speaker, nor comprehend the peculiar singsong of the utterance. But as I lifted my head, listening intently, I knew the man to be beyond the wooden partition at my right, and that he was praying fervently. Somehow heartened by this discovery I crept out from the bed of papers, and stole silently forward to the narrow door which apparently led

As farmers in Canada are going broke and land prices tumbling no one will buy it. I have talked and advertised for ten years that only a third or less of either the Dakotas was good for farming and the good part of S. D. too high to buy. The last two crops show what is best. Cavalier county had crops in 1910 that paid for the land and also in 1911, 1912 promises much better and I will still give you a chance to pay for a farm with one crop. As an investment land here will pay better interest on \$100 an acre than land in Ill. at the prices it is selling at as there so much of the rent has to be paid out for taxes, improvements and insurance. Having been here over ten years I predict Hundred Dollar land here in five to seven years. The farmers here are buying it and they are making money faster than any other farmers in the world.

THE KITCHEN CABINET

I DON'T know which ever is worst, to see the beautiful times that there are in the world and not be in 'em, or to see people that might be in 'em and ain't.

—Mrs. A. D. Whitney.

MISCELLANEOUS DISHES.

A most wholesome dessert and one that is not expensive is—

Rhubarb and Raisin Pudding.—Cut a pint of rhubarb in half-inch pieces and sprinkle with a cup of sugar. Let stand an hour or more with a cup of chopped raisins, then add a pint of breadcrumbs and two tablespoons of melted butter. Pat in layers into a buttered baking dish, cover for the first half hour. Serve with liquid sauce or cream.

A little grated cheese with chopped onion and French dressing makes a new and delicious filling for sandwiches.

Prunes in Lemon Jelly.—Cook prunes until soft, take out the stones without breaking them; add half a cup of figs or half the quantity used of prunes, and put into a mold. Pour over lemon jelly and set away to mold. Serve with whipped cream.

Vegetable and Peanut Soup.—Cut in small pieces two medium-sized potatoes, one large carrot and two stalks of celery, one large tomato and cook in salted water with a bunch of soup herbs. When the vegetables are tender, put through a sieve. If desired, add two tablespoons of peanut butter which has been softened in a little hot water. There should be enough liquid to serve four.

Beet and Cheese Salad.—Make cottage cheese into balls and stick a walnut meat on each side. Slice small cooked beets and put two cheese balls and three slices of beets on each lettuce leaf or nest. Keep on ice until ready to serve. Add French dressing just before serving.

For those who object to pastry, a crustless pie will be welcome. Butter a deep pie plate with plenty of butter, then dust over a coating of flour, pour in the pie filling, pumpkin, custard or any kind desired, and bake as usual.

Nellie Maxwell. WARD OF GOVERNMENT

LONG AND ARDUOUS SERVICE OF MULE RECOGNIZED.

It Has Been Said That Republics Were Ever Ungrateful, but This Incident Seems to Disprove the Statement.

Almost thirty years ago, so the archives of the war department disclose, Lieutenant W. A. Kobbe of the Third artillery, who was stationed at Mount Vernon barracks, Alabama, reported to the war department that there was at that post a white mule named Mexique, which had been for many years in the service of the United States, but which had at last been ordered sold. The officers of the post, Lieutenant Kobbe said, desired permission to purchase the animal and keep and care for it at their own expense.

Major F. L. Guenther of the Second artillery, to whom the petition was referred, reported that the mule in question was originally left at Key West barracks in 1848 by a portion of the army returning from Mexico at the close of the war with that country. He added:

"During the time that I served at Key West, from 1875 to 1880, the mule did not miss a day's work from any cause. He is very old and has been worn out by his long service in the quartermaster's department. If there is any way to provide for him, I should be glad to have it done, as the expense to the government would be little or nothing."

The petition went through the regular channels until it reached the quartermaster general, who indorsed it as follows:

"To promote the sentiment of kindness toward animals that are so intimately connected with military men, it is recommended in this special case that this mule be kept in the department and left to the care of those whose kindly feelings are so deeply enlisted in his behalf."

General Sherman submitted the case to the secretary of war, with the following report:

"I have seen the mule, and whether true or not, the soldiers believe it was left at Big Spring, where Mount Vernon barracks now are, at the time General Jackson's army encamped there, about 1819-1820. Tradition says that it was once a sorrel, but now it is white from age. The quartermaster's department will be chargeable with ingratitude if the mule is sold, or the care of maintenance of it thrown on the charitable officers of the post. I advise that it be kept in the department, fed and maintained until death. I think the mule was at Fort Morgan, Mobile Point, when I was there in 1842."

The secretary of war thereupon made the following order:

"Let this mule be kept and well cared for as long as he lives."

TROOPS FIRE ON MOB

ONE RIOTER KILLED, TWO OTHERS AND WOMAN WOUNDED.

Five Hundred Men and Women Attack Pumpmen at Minersville, Pa., and Clash Follows.

Wilkesbarre, Pa., May 9.—Turning on their fleeing mounts as a fusillade of bullets whistled by close to their heads, four state troopers fired into a mob of 500 striking miners and women at Minersville, killing one man and seriously injuring three others.

Mrs. Mary Well, who was standing on the porch of her home, was shot in the knee by a stray bullet.

The dead man is David Davies. The injured are foreigners, whose names are not known.

The trouble started at the Pine Ridge colliery, when a mob gathered to prevent the pumpmen going to work. The troopers appeared on the scene and, drawing their clubs, rode into the crowd. They were forced to retreat, however, before a volley of clubs and stones. They then fired into the air and were immediately answered by a volley of bullets apparently meant to kill. The troopers then turned and fired straight into the crowd. When the rioters saw four men fall they quickly dispersed.

The miners are in an ugly mood and serious clashes with the troops are expected.

PASTOR'S FATE IN BALANCE

Governor's Council Fails to Take Up Plea for Commutation of Fisherson's Sentence.

Boston, May 9.—The fate of Clarence V. T. Fisherson, sentenced to death in the week beginning next Monday, still hangs in the balance. The plea for commutation of sentence was not taken up as expected by the governor's council, which has the matter in hand. Edward Hamlin, executive secretary of the council, made a statement in which he said:

"The opinion among the members of the executive council is that Governor Foss will take no action whatever on the Fisherson matter."

The electrocution is to take place, in all probability, early on the morning of Tuesday, May 21.

TWO DIE; 14 HURT IN BLAST

Employees of Cleveland Plant Killed and Injured by Explosion While Cleaning Furnace.

Cleveland, O., May 9.—Two men were killed and fourteen were injured, most of them seriously, when an explosion occurred at the Central furnace of the American Steel and Wire company's Cleveland plant, here, shortly after midnight. The explosion occurred while the men were cleaning the furnace preparatory to its closing down.

FACTORY GIRL GIVES UP

Too Sick to Work—Doctor Advised Operation. Restored to Health by Lydia E. Pinkham's Compound.

Poughkeepsie, N. Y.—"I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for female trouble but Lydia E. Pinkham's Vegetable Compound helped me more than the doctors did. I hope that every one who is suffering will get the Compound. My pains, nervousness and backache are gone and I have gained five pounds. I owe my thanks to your medicine for it is the working girls friend, and all women who suffer should write to you for special advice."

—Miss THILIE FLEENZIG, 3 Jay St., Poughkeepsie, N. Y.

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, it is not reasonable to believe that it is an article of great merit?

We challenge anyone to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

DESTROY BILLBOARD IN ZION

Opponents of Overseer Voliva Dance
and Sing as Sign, Condemning
the Users of Tobacco,
Is Burned.

Zion City, May 9.—A signboard warning against the use of tobacco in Zion City was burned by opponents of Overseer Voliva. The sign condemned users of tobacco. While the signboard was burning employees of an electrical plant whose invasion of Zion City with pipes, cigarettes and chewing tobacco brought on war against tobacco by the Zionites, danced and sang.

Saloonkeepers Are Sued.

Decatur, May 9.—Six suits totaling \$71,000 against saloonkeepers and building owners of Shelbyville and Pana have been started in the Shelby county circuit court by the families of William E. McCormick, Dewayne Bland and William Stanley, charging the financial wrecking, physical and mental ruin of these men. The McCormick people sue for \$50,000, drink having caused him, they charge, with losing his position as circuit clerk of Shelby county and running through with \$30,000, causing one divorce suit and McCormick dying penniless.

Visiting Bankers Entertained.

Sparta, May 9.—The Randolph County Federation of the Illinois Bankers' association was entertained at the Broadway hotel by the directors of the First National bank and Sparta State bank. At the business meeting permanent organization was effected by electing E. B. McGuire of Sparta chairman. Maurice A. Mudd of Chester vice-chairman, P. S. Wilson of Steelville secretary, and George N. Sauer of Evansville treasurer.

To Honor the G. A. R.

Rockford, May 9.—Rockford's church bells will toll for fifteen minutes Memorial day as a mark of respect to the fast thinning ranks of the G. A. R., according to a resolution passed by the ministerial association. This city is the home of one of the first posts organized after the Civil war ended. The post, G. L. Nevius Post No. 1, it is claimed, is the biggest in the country in point of membership.

Music Teachers In Meeting.

Streator, May 9.—The Illinois Music Teachers' association opened a four-days' convention and musical festival here. An organ recital by Arthur Dunham and vocal numbers by Elias Bredin, tenor, constituted the opening day program. There was an address of welcome by Charles Williams of Streator, with response by Walter Spry of Chicago, president of the association.

Illinois Berries Next Week.

Carlo, May 9.—Movement of strawberries from Villa Ridge will begin by carload next week. Berries have gone forward as early as April 27 in former years. The crop is very fine this year, and it is expected the yield will be large. Villa Ridge has shipped in excess of 200 cars in a good season, but last year's crop was short, not exceeding 150 cars.

Contract Awarded for Boilers.

Springfield, May 9.—The E. Keeler company of Chicago received a contract from the state board of administration to supply and install four 250-horsepower boilers at the Lincoln State school and colony. The company's bid, the lowest of four, was \$19,386. The company will begin the work of installation at once.

State Legislature Reconvenes.

Springfield, May 9.—With the reconvening of both special sessions of the Illinois legislature, the most important matter under consideration is that of the Donohue bill which prohibits any increase in rates by fraternal insurance societies until January 1, 1915.

LENNOX MAKES QUICKEST

SALE EVER RECORDED

The quickest sale ever recorded was that made by Fred Lennox or Nelson to George Clayton of Michigan, Tuesday afternoon. Mr. Lennox was at work on his farm when Mr. Clayton drove up and chanced to stop.

"What will you take for the outfit?" inquired Clayton.

Lennox named a figure, at the same time enumerating what stock he had on the farm, with the implements, etc.

"It's mine," said Mr. Clayton, pulling out a fat wallet and plunking down the cash. "Make out the bill of sale."

The bill of sale was made out and in just nineteen minutes and thirty seconds from the time he had asked the first question, Mr. Clayton was in possession of everything on the farm, including furniture, growing crops, grain in the crib, the stock, etc.

Mr. Clayton afterward explained that he had a record for fast dealing, having sold his own farm the same way a few weeks ago. Mr. Lennox will move to Sterling at once, and will probably go back into the poultry business.—Sterling Gazette.
